17 November 2009

Dear Caroline

Please accept our thanks for the furniture freely given to us, and most gratefully received. As you may know from our mutual friend George Noble, we recently moved into our newly converted office from the Portacabin of 4 years. As you can imagine in these hard times, expenditure on furniture has had to be circumspect, as we wish to spend the maximum of funding on conservation work. So with George at our right hand and a very generous donation from your good self, we are almost fully equipped at little or no cost. Just the meeting room to sort out, and we will enter 2010 with a full complement of staff, and some decent furniture.

You would be most welcome to visit the reserve at any time, winter is a special time on Otmoor with the starling roosts and the winter visitors arriving, I am sure that you would enjoy it

With Very Best Wishes

Judith Lloyd (Office Administrator)
